Formerly called the Everyday Pass, the **Premium Pass** will give you unlimited access to Stevens Pass throughout the 2016-17 winter season, every day we operate through our scheduled closing, 9am to close. **The Select Pass** is similar to the old Weekday Pass, with some distinct differences. The Select Pass will let you ski or ride any time on off-peak days, as well as after 4pm on peak days. Since we'll be open until 10pm on all peak days, you'll be able to ski or ride every day that we're open!

Add a SkiGreen Carbon Offset to your Season Pass today! SkiGreen Offsets are offered by our partner, the Bonneville Environmental Foundation (BEF), a non-profit organization. BEF empowers people to reduce their climate impacts by shrinking their carbon footprint using renewable energy sources, like windpower. By purchasing one Annual SkiGreen Offset you are mitigating for the greenhouse gas generated by 1500 miles of personal vehicle travel – and that's a lot of trips up to Stevens Pass! We believe in this so much that we offset 100% of our own electricity & propane use by purchasing clean, renewable, 100% windpower carbon offsets. No other resort in the PNW does this. Please join us in KEEPING WINTER COOL – learn more at www.stevenspass.com/environment.
