A great place to compare software if the consumer reports website.

Here is a great article about this:

<http://news.consumerreports.org/baby/2011/09/consumer-group-offers-back-to-school-guide-on-tweenagers-and-cell-phones.html>

here is a link to a software comparison for your review:

<http://www.freewaregenius.com/2011/10/11/protect-your-children-online-with-qustodio/> - a free parental control software to download

www.opendns.org is another one that companies use - it is free of charge to download, but pay for more advanced versions.

Here is a great article on the parental controls for various cell phones and providers:
