Philosophy on Volunteering

ICS was founded in 1997 by parents and teachers who worked long and hard together to create a new kind of learning environment for our students. This spirit of working together built a solid foundation of mutual support between staff and parents and is interal to the success of the school and our children's education. From inception, the long range intent was to carry forward this same community spirit to support and enrich the student's education by requiring family involvement in the form of an annual volunteer hour commitment.

Your Commitment

The ICS 30 hour per year volunteer commitment per family is meant to be fair and equitable. This commitment was affirmed when your student entered ICS. Parent participation is an essential ingredient of ICS programs and of your child's education. Volunteers must be flexible to help where needed, as there is no guarantee of facilitating a specific opportunity. The 30 hours is set as the minimum commitment, and many families volunteer many more hours.

How to Earn Your Hours

The annual volunteer hour requirement at ICS can be met by engaging in activities which meet one or more of the following criteria which directly benefit ICS:

- serve on the PTSA Board or be a committee chair
- support teacher activities
- support student academics
- steering committee work
- support ICS or ICS PTSA sponsored clubs or activities
- ICS community building activities
- enrich the learning environment
- support the physical environment and facilities
- promote the image of the school
- chaperone school events
- activities that help with financial support of the school
